**LETTER OF REFERENCE**

CROSSROADS Translations has been our contracting partner since the middle of 1996. The company has been to the assistance of the National Television and Radio Commission in the process of the privatization of the national television and radio broadcast channels, by the translation of the relevant Acts and provisions, Calls for Tenders and related materials of information and studies to English, German and French. The company furthermore regularly translates European regulations, recommendations and studies with reference to media issues.

The reliability of CROSSROADS Translations, the high professional standard and precision of its services have achieved our outmost satisfaction.
