LETTER OF RECOMMENDATION

CROSSROADS Translations has been co-operating with the Secretary for Foreign Affairs of the Alliance of Free Democrats (member of the dual government coalition). The Company has, among others, been translating a part of our foreign correspondence, political analyses and studies and press materials. Besides, the firm provided simultaneous interpreting in English, German and French in our 1997 Annual Congress, and rendered simultaneous and consecutive interpreting services on other events organized by the party.

In our assessment the services of CROSSROADS Translations were on every occasion excellent and reliable.
